

Dough Boss — Website & Social

Meeting cheat-sheet · the 10 things to confirm · 23 Jun 2026

Confirm these 10

- 1 **MENU** Get the real menu — items, short descriptions, prices, sections, combos, dietary tags (a spreadsheet). The live site has none loaded.
- 2 **DEMO** Sign off the demo direction — OK to build the real site like this?
- 3 **LOOK** Confirm black & white; get logo files; approve/supply fonts.
- 4 **PAGES** Confirm pages; is Snow Boss on this site or separate?; keep Wholesale/Franchising?
- 5 **PHOTOS** Real photos vs AI placeholders vs a shoot; send logo + brand files.
- 6 **STORY** Confirm “since 2014 / family recipes”; brand voice in a few words.
- 7 **LOCATIONS** Verify the 3 shops — addresses, hours, phones; pickup/delivery + areas.
- 8 **ORDERING** Direction only: menu/brochure now, or take orders at launch (which shops)?
- 9 **GO-LIVE** OK to rebuild + take live (we back up first); domain/hosting access; a date; who maintains it.
- 10 **SOCIAL** Dough Boss handles (IG/FB/TikTok); who runs it; link/embed on site; Google Business listings.

Leave the meeting with

- A date for go-live and who makes the call on your side.
- What you'll send us: menu spreadsheet, logo files, photos, shop details.
- Access: WordPress/hosting, domain/DNS, social accounts, Google Business.
- Go-ahead to rebuild the site and take it live (with a backup).

Already agreed: black-&-white look · halal · 3 shops (Bankstown, Roselands Centro, Revesby) · keep the “Bites” menu · SnowBoss IG @snowbosssyd. Out of scope today: ordering/payments, POS, vouchers, the Snow Boss partnership.
